

About Us

Welcome to the home of squash and racketball in Jersey. We are a family friendly club based in St Clement with modern facilities and a thriving social scene.

Squash

Squash is a genuinely global sport. It is played by almost 20 million people in around 150 countries on almost 50,000 courts, embracing all continents. It is a growth sport, having seen worldwide participation expanding substantially in the last ten years.

In Jersey, squash boasts a reach of 15,000 children in both primary and secondary schools through Jersey Squash and Racketballs' development scheme. Jersey has played host to both male and female world champions.

Racketball

Racketball is the fastest growing racket sport in the UK. There is a thriving racketball community at the club which includes individual, team coaching and group sessions.

Racketball is very similar to squash, but is played with a slightly larger racket and a bigger, bouncier ball, making it easier on the joints and easier to play. This ensures a good workout for both players, so if you have never picked up a racket before, or the old wooden racket is gathering dust, grab a friend and get on court.

SPORT

Multiple benefits ... for the Island

Festival of Squash
by Tom Mear

There was a lot of talk at the start of the 2025 Jersey Squash Festival about the benefits of the event. It was clear that the festival was not just about the sport, but also about the community and the island.

'We've had teams that have been coming to the Island for over ten years and they said this was the best festival ever'

Reader of squash Mark Taylor

When I first came to the Island, I was looking for a challenge. I had played squash in my home country and I wanted to see how it was here. I found the Jersey Squash Festival to be a fantastic experience. The players were friendly and the atmosphere was great. I had a lot of fun and I made some new friends. I will definitely be coming back next year.

Jersey Squash Festival Director
Tom Mear

The festival provided a great opportunity for players to meet and play with others from different parts of the island. It was a great success and we look forward to next year's event.
